

Dear Sprouts Staff,

I am saddened to inform you that as of Friday May 13, 2011 Ashlynn Mackulin will no longer be attending your center. I have relocated within my career closer to our home. As a mother I couldn't have asked for better staff to care for my child as yours has. They have gone above and beyond to exceed my expectations. Ashlynn has developed educationally and socially, which I am incredibly thankful for. You have an excellent facility with a loving staff that has made our experience wonderful and very difficult to leave. Ashlynn and I will miss your staff but are so grateful for the care you have provided.

Thank you and best wishes,
